

NEW LONDON TOWNSHIP
RECONSTRUCTION/RESURFACING PROJECT
MAILBOX REPLACEMENT POLICY

New London Township will replace all nonconforming mailbox supports, at township expense, as part of reconstruction/resurfacing projects.

New London Township will provide this service only on reconstruction/resurfacing projects when old mailboxes must be removed in order to complete the project.

The landowner will be responsible for purchasing the mailbox to be placed on the new mailbox support.

The landowner will be responsible for maintenance of the mailbox support.

The landowner will be responsible for disposal of the old mailbox support.

The purpose of this policy is to establish an approved, conforming mailbox which will pivot or rotate in some fashion when a snowplow hits the mailbox, thus, saving time and expense as a result of the snowplow having to slow down and maneuver around old, nonconforming mailboxes.

Adopted this 24 day of SEPTEMBER, 2020.
